Petrochemical Products	6.1		17.5	

Export Price Index in Iran

Mehr 1392

(1383 = 100)

The Export Price Index (**XPI**) went down 3.4 percent in Mehr 1392* following a 0.5 percent decline in Shahrivar 1392. The index level of 583.7 was 0.3 percent higher than in Mehr 1391.

During the first seven months of the current Iranian year, the XPI increased 108.6 percent compared to the similar period in 1391.

The XPI has advanced 127.5 percent over the last twelve months.

In Mehr, the animal products group index decreased 4.6 percent, mainly due to the fall in the index for sheep assorted casing.

The group index for vegetable products moved down 3.8 percent, which was principally attributed to the declines in the indexes for pistachio, saffron, date and liquorice extract powder. In this group, the index for raisin moved up.

During this month, the animal or vegetable fats and oils group index was unchanged.

The 3.0 percent decrease in the prepared foodstuffs, beverages and tobacco group index was mostly due the declines in the indexes for tomato paste, biscuit and wafer, non-cacao chocolate, ice cream, cake and macaroni.

The indexes for butane, propane, tar, paraffin wax, bentonite powder and barite powder fell in Mehr and caused 6.4 percent decrease in the mineral products group index. In this month, increase in the index for cement was also considerable.

* The index is computed on the Iranian Rial basis. In this month, the exchange rates of Dollar and Euro decreased 4.4 percent and 3.2 percent, respectively.

The products of the chemical or allied industries group index declined 0.4 percent.

The group index for plastics and articles thereof, rubber and articles thereof advanced 0.3 percent.

The 4.4 percent fall in the skins and leather and articles thereof group index was particularly due to the decrease in the index for processed sheep skin.

The group index for wood and articles of wood moved down 2.0 percent. Decrease in the index of chipboard was the major factor for this decline.

The 7.2 percent rise in the textiles and textile articles group index was led by the increase in the index for hand-woven carpet. In this group, the indexes for machine-made carpet, gunny, tull and rug went down.

The group index for footwear remained unchanged over this month.

The indexes for tile, float glass and ceramic decreased in Mehr and caused 2.2 percent decline in the articles of stone group index.

The base metals and articles of base metal group index fell 4.7 percent. Reductions in the indexes for hot coil iron, aluminium ingot, ferro molybdenum, galvanized pipe and steel profile were the main reasons for the mentioned decline.

The indexes for cooler and cable declined in this month reflecting a 3.5 percent fall in the machinery and mechanical appliances, electrical equipment group index.

As a result of rising in the index for tractor, the vehicles and associated transport equipment group index went up 8.4 percent. The index for car radiator decreased in the mentioned group.

The optical, precision and medical instruments group index had no change.
