Export Price Index in Iran

Esfand 1395

(1390 = 100)

The Export Price Index (**XPI**) decreased 1.2 percent in Esfand 1395* following a 1.5 percent decline in Bahman 1395. The index level of 239.2 was 15.7 percent higher than in Esfand 1394.

On average, the XPI in 1395 went down 2.7 percent compared to the previous year.

The animal products group index fell 1.7 percent, which was attributed to the decreases in the prices for yogurt and frozen fish.

In Esfand, the vegetable products group index and the animal or vegetable fats and oils group index moved down 0.9 percent and 2.7 percent, respectively.

As a result of decreasing in the prices for "biscuit and wafer", ice cream and cake, the prepared foodstuffs, beverages and tobacco group index declined 1.6 percent.

During the mentioned month, the group index for mineral products reduced 2.7 percent. Decreases in the prices for cement, propane, butane, industrial oils, and copper concentrate were the major reasons for this decline. In contrast, the price for bitumen increased.

The products of the chemical or allied industries group index rose 1.3 percent in Esfand. The mentioned advance was led by increases in the prices for ammonia and monoethylene glycol, while the decreases in the prices for methanol and styrene were also considerable.

* The index is computed on the Iranian Rial basis. In this month, the exchange rates of Dollar and Euro decreased 1.6 percent and 2.7 percent, respectively.

Lower prices for high density polyethylene, low density polyethylene and plastic hoses, caused 1.6 percent drop in the plastics and articles thereof, rubber and articles thereof group index.

The skins and leather and articles thereof group index and the wood and articles of wood group index fell 1.5 percent and 3.4 percent, respectively, over this month

The group index for textiles and textile articles turned down 2.2 percent. Decreases in the prices for hand-woven carpet and machine-made carpet were the major factors for the mentioned drop.

During the mentioned month, the group index for footwear moved down 1.4 percent.

The articles of stone group index fell 1.8 percent which was principally due to the decrease in the price for "tile and ceramic".

The group index for base metals and articles of base metal reduced 0.6 percent.

Decreases in the prices for air cooler and cable caused 1.8 percent decline in the machinery and mechanical appliances, electrical equipment group index.

The 1.6 percent fall, in the vehicles and associated transport equipment group index was mostly attributed to the decrease in the price for tractor.
